

# Want to Organise a Corporate Work Party?

**Working with us on a Work Party is a practical way for your business and staff to support the local environment.**

The Friends of Maidenhead Waterways (FOMW) offer local companies a unique opportunity to combine **corporate social responsibility** and **team development**, through hands-on volunteer work parties along Maidenhead's historic waterways.

## **1. Meaningful Corporate Social Responsibility (CSR)**

Partnering with FOMW allows your company to make a visible, lasting contribution to the local community. Maintaining our waterways helps protect wildlife habitats, preserve local heritage, and keep green spaces accessible and attractive for residents and visitors alike. At the end of the day your staff will clearly see the positive impact of their efforts.

## **2. Proven Team Building Benefits**

FOMW work parties provide excellent team-building experiences outside the usual workplace environment. Activities such as clearing overgrown vegetation, cutting back brambles, and maintaining paths encourage:

- Shared achievement and morale

Working together on practical tasks in the open air helps strengthen relationships in a natural, low-pressure setting.

## **3. Employee Wellbeing and Engagement**

Spending time outdoors and doing physical, purposeful work has clear benefits for mental and physical wellbeing. Employees often report feeling refreshed, motivated, and proud after taking part. Offering volunteering days with FOMW can:

- Increase job satisfaction and retention
- Appeal to environmentally conscious employees
- Support wellbeing and mental health initiatives

## **4. Easy, Safe, and Well Organised**

FOMW work parties are:

- Available of a minimum of 10 volunteers with a maximum of 15
- Fully guided by experienced volunteers
- Suitable for a wide range of fitness levels
- Flexible in size and duration

Basic tools and instruction are provided, and tasks can be tailored to suit your team's capabilities and time constraints.
